COMPANY PROFILE

ABOUT US

We, Heftech is a new generation Lifting and Rigging Equipments manufacturing and supplying company. Our company's management is having experience of over a decade in this industry and our main vision is to provide complete lifting and rigging solutions to our clients under one roof.

Each and every product listed by our company is home land manufactured with latest technology and thus we are contributing to ATMANIRBHAR BHARAT initiative. We are operating our business from two locations i.e. Mumbai and Jaipur initially. We are planning to reach maximum customers and have plan to establish pan India presence of Heftech in coming future.

MESSAGE FROM FOUNDERS

Having more than a decade of manufacturing experience in this industry, We follow the best manufacturing practices like Total Quality Management (TQM) & offer the advantage of multi-product integrated solutions, which manifest into single -Window responsibilities, and in turn translates to value for money packages giving an unparalleled peace of mind to our customers.

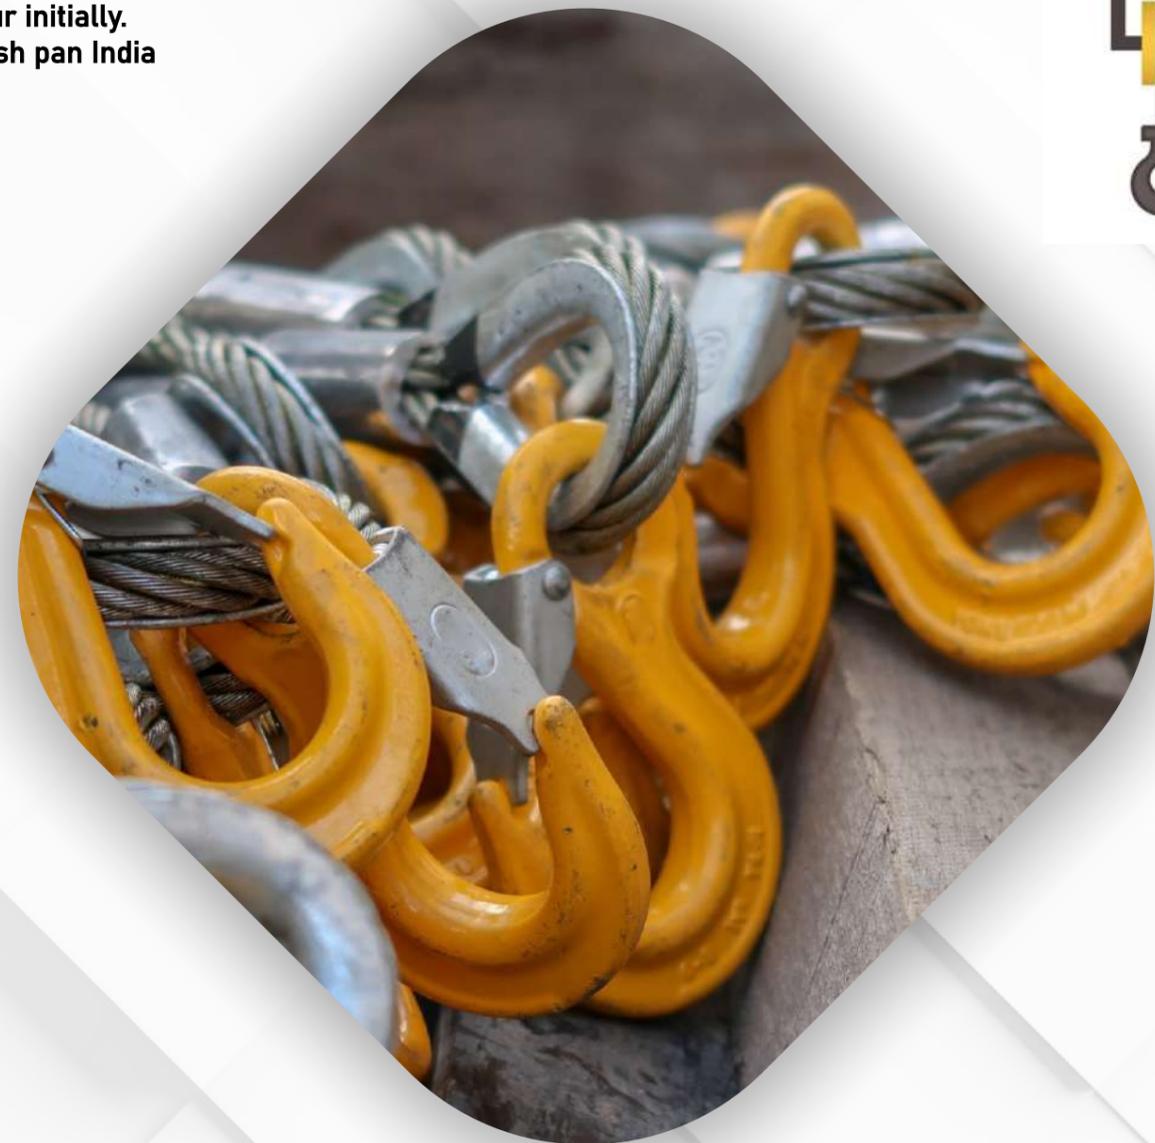

The clear proof of the success of TQM is the high number of repeat orders that we enjoy from the industry.

Driven by excellence, each product undergoes stringent testing..

We have been an established company with an excellent track record for best customer satisfaction.

We have never compromised on the quality and services provided to our customers.

We believe in keeping the customer happy and provide them highest quality products which rewarded us in capturing substantial business from reputed companies.

ELECTRICAL HOISTS

We are manufacturer of wide range of Electrical Hoists including Wire rope Hoists and Chain Electric Hoists.

Our range starts from as low as 250 kg lifting capacity and goes upto 100 Metric Tons (Wire Rope Hoists).

These Hoists are of universal designs and have easy installation into existing structures of any industry also we provide solution including structures of crane if required by clients.

These hoists are made according to Indian as well as International standards and are best in class available in market.

INDUSTRIAL CRANES.

We deliver the most high quality cranes to different industries in India, BIS categorized standards are strictly followed for immersive quality experience to our clients.

EOT CRANES

Successful completion
of installation of 3 ton and
2 ton Crane at Hisar

We provide comprehensive solutions of Supply, testing, installation and commissioning of EOT Cranes to our customers through out India.

We cover range of EOT Cranes from 500 kg and upto 100 Metric Tons including associated works if required.

Our company is engaged in supplying Cranes to our customers with ontime delivery along with all required Testing at Vendor Works or Buyer Site whichever is required.

We also provide after sales services like AMC/CMC after completion of warranty period and spares are also available with us through out the life span of Crane with peace of mind full usage of Crane Duty Life.

JIB CRANES

JIB Cranes are our another solution to companies who require compact and reliable solution for material handling and movement of tough items in conusted or small spaces.

We provide
Pillar Mounted Jib Cranes
Coloumn Mounted JIB Cranes
Horizontal Travel Coloumn JIB Crane

These Solutions help our customers to make their work more efficient and effective as we also give best of the market prices to our clients.

Recently we have completed installation of JIB Cranes at Hindustan Petroleum Corporation Ltd., Visakh Refinery and working with Western Railway with another JIB Crane order.

We intend to complete our work on time with good quality material as per customer requirements and follow strictly rules and standards of manufacturing the Crane.

Our range of JIB Crane Starts from 500 kg and goes upto 40 Metric Tons.

Some of the Site pictures are enclosed beneath.

LIFTING / RIGGING / LASHING PRODUCT RANGE

EYE BOLTS

Eye Bolts available in below sizes :

8mm to 64 mm

Material : Mild Steel and Stainless Steel

Wide range of design and sizes
available according to customer

HOOKS

HOOKS are available in different
sizes and designs.

1. Shank Hooks

Available from 0.5 Tons to 100 Tons
Material : MS, En8, Alloy Steel.

2. Eye Hooks

Available from 0.5 Tons to 100 Tons
Material : MS, En8, Alloy Steel.

3. Ramshorn Hooks

Available as per Client Requirements.

4. Clevis Hooks

Available as per Client Requirements.

5. Swivel Hooks

Available as per Client Requirements.

Material used in manufacturing are tested with
high tensile strength for long service life.

LIFTING / RIGGING / LASHING PRODUCT RANGE

SHACKLE

We have an assorted range of High Quality
Shackles made from open die and closed die
forging techniques.

Sizes from 12mm to 100mm
& 1 Ton to 100 Tons

1. Bow/Anchor Shackles
2. Dee Shackles
3. Headboard Shackles.
4. Snap Shackles
5. Twist Shackles
6. Stainless Steel Shackles

Material available in MS, En8, Alloy Steel etc.

SWIVELS & DEE HOIST RING

The Swivel Lifting products have full swivel and
pivoting action which allow for the flipping and
turning of the part without unhooking.

Sizes available from 8mm to 64 mm

Material available in MS, En8, Alloy Steel etc.

The patented tempering resistance design is ideal
for permanent mounting on OEM application or on
moulds, dies, fixtures.

LIFTING / RIGGING / LASHING PRODUCT RANGE

RINGS

Welded MS & SS Rings
in assorted sizes as per
client drawings and
requirements.

CONNECTING LINKS

Connecting Rings for offshore applications.

Available in Mild Steel, Alloy Steel and
Stainless steel material.

TURN BUCKLE AND BOTTLE SCREW

Made with latest technology. Our precisely engineered
range of turn buckles and bottle screws find wide application
in industries like container lashing and lifting, Rigging,
Marine and construction industries.

Available from sizes 12mm to 120mm.

Available in Mild Steel and Stainless Steel.

LIFTING / RIGGING / LASHING PRODUCT RANGE

M.S. AND S.S. CHAIN

Chains are most used equipment
in lifting industry.

Our company provides Chains in
Mild Steel and Stainless Steel
materials in below sizes.

Welded Chains in M.S. & S.S.
From 2mm Thickness to 24mm Thickness.

Lifting Loads from 0.5T to 100T.

High Tensile material provides better
strength and durability to chains.

PULLEY BLOCKS

Pulley Blocks are available in below sizes.

From 1 Ton to 100T lifting capacity.

Our in House manufacturing allows us
to produce pulley blocks specifically
as per requirement of clients.

These Pulley Blocks uses material of
high quality for better performance over time.

LIFTING / RIGGING / LASHING PRODUCT RANGE

BOTTOM BLOCKS

Bottom Blocks are available in below sizes.

From 1 Ton to 100T lifting capacity.

Our in House manufacturing allows us to produce bottom blocks specifically as per requirement of clients.

These Bottom Blocks uses material of high quality for better performance over time.

LIFTING / RIGGING / LASHING PRODUCT RANGE

WIRE ROPE SLINGS

Wire Rope Slings Sizes:

Available with eye, rings & different types of hooks.

Single Legged
Two Legged
Three Legged
Four Legged
Loop Type with hook

Length as per client requirement

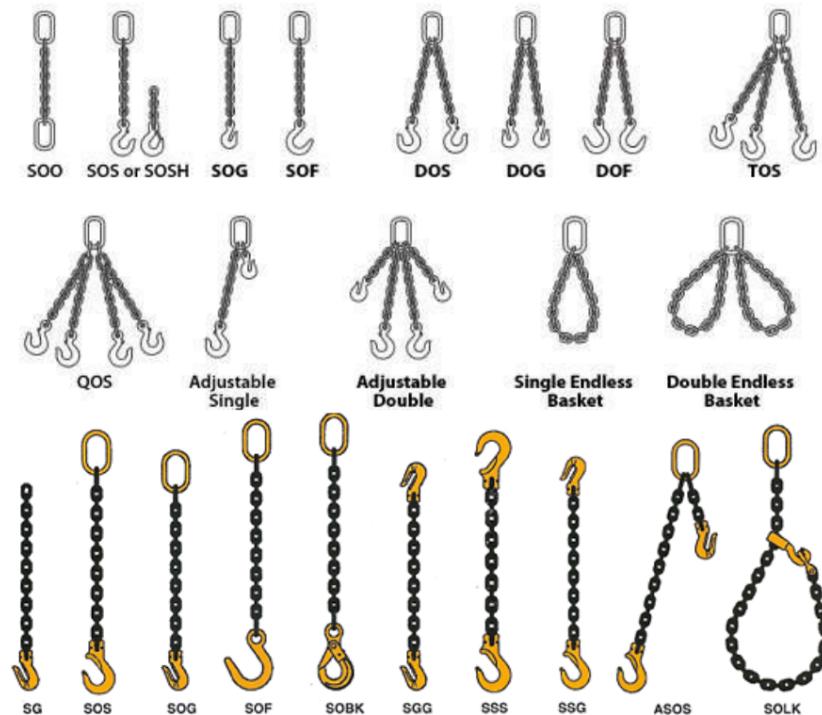

CHAIN SLINGS

Chain Slings Sizes:

Available with eye, rings & different types of hooks.

Single Legged
Two Legged
Three Legged
Four Legged
Loop Type with hook

Length as per client requirement

WEBBING SLINGS

Webbing slings are usually made from polyester, and are designed to lift heavy loads. Webbing slings are flexible, lightweight and have a wide bearing surface, which helps protect the load you are lifting

Available in Single, Double, Three and Four Ply manufacturing

From 0.5T to 24T Lifting Loads
